Vaping helped me quit smoking 10 years ago. I've never had any related health issues. A ban on flavored nicotine won't solve the issue. It's liquid marijuana kids are getting that's causing the prob. This is the 1st issue where I disagree with POTUS. @realDonaldTrump

@Budget left my AirPods on keys when I turned in rental at 430AM 1/9/20. Reported the loss within 2hrs. Checked "find my device" app, showed them at Philly Airport Budget. They remained there until about 3 pm then were removed and wiped. Glad you have honest employees.

Anyone else tired of our country making economic decisions on behalf of a "medical doctor", Dr Fauxi? Well past time for my brother to pull him aside and say "Tony, YOU'RE FIRED."

forced so many American companies to leave our shores for other countries. President Trump built the greatest economy anyone alive has ever known before the unprecedented global pandemic, and he's already doing it again. President Trump's policies created more jobs and prosperity for every American in three years than Joe Biden could muster in nearly half a century. Biden's willful attack on our jobs, our families, and the American way of life will reverse all the gains we've made together and plunge us into economic catastrophe."

I can say one thing is for certain - painting the TRUMP Flag in my yard had brought about a multitude of hateful ridicule on social media all unwarranted. It's troublesome. I can only imagine how @realDonaldTrump feels being attacked every hour of every day. @PressSec

True patriots would never publicly doubt the patriotism of another. We are leaders, leaders hold those conversations in private. Why? if someone's patriotism or lack thereof, bothers us, we will take the effort to give the feedback critically. Grandstanding is easy #WWG1WGA

It cost ME a little over $3k to paint the Trump sign. That does NOT include labor. While I want this to continue, those of you who are questioning the $45k tag have no grasp into how much this costs. The paint is ~$100/5 gallon.

That does not include my time (labor). The sign would need painted, and cut weekly. All of this I cannot do on my own and maintain my career. There are roughly 16 weeks left through November 5.

So all of you #Patriots out there doubting my estimating, or insinuating I'm trying to profit. I'd didn't see you do the #GoodGuyStuff or put in the work. I did this without knowing where it would go, on my own dime, just to wake you up.

It cost ME a little over $3k to paint the Trump sign. That does NOT include labor. While I want this to continue, those of you who are questioning the $45k tag have no grasp into how much this costs. The paint is ~$100/5 gallon

6 12 79

JR Majewski @r_majewski · Jul 14

That does not include my time (labor). The sign would need painted, and cut weekly. All of this I cannot do on my own and maintain my career. There are roughly 16 weeks left through November 5.

So all of you #Patriots out there doubting my estimating... or insinuating I'm trying to profit... I didn't see you do the #GoodGuyStuff or put in the work. I did this without knowing where it would go, on my own dime, just to wake you up.

Maybe you should ask for 17k for four months? The people that complain about costs usually have sweet salary gigs and have no idea how much even their own labor is worth, nonetheless that of others. Keep going patriot.

So based off what you're saying, 15 weeks or 3.75 more months until election it's going to cost you $12k/month to maintain? You already have the canvas, all you need to do is touch up work when the paint starts to fade away. And mowing you own lawn doesn't cost you thousands

Wrong and why didn't you reach out to me privately? Landscaping now costs me $100 for my lawn to be mowed, then I would need to hire painters (it took me 50hrs), factor in paint, air sprayers which needs maintained and loses tips after 25 gal ($30 ea).

So I will say, it did bother me today to hear POTUS say that this might be the last time we see him in a while. Was telling @RedPill78.. I've been on some Presidential Details in my past and this security team was more than just Secret Service. #OPSEC or else I'd elaborate 🇺🇸

Oh so DeWine is better now? Maybe because he knows @realDonaldTrump has a place full of donors in Cleveland tonight??

Damn so now we have to listen to DeWine's news conferences everyday still. I was looking forward to peace and quiet.

> POTUS will be well insulated/protected on AF1 and abroad (specific locations classified) while these operations are conducted due to the nature of the entrenchment. It is time to take back our country and make America great again. Listen #Patriots Clyde, Ohio has a population of ~6.5k people. Yesterday when @realDonaldTrump drove down SR20, I promise, that many people (6.5k) or more, lined the 2 mile stretch to welcome him. I propose we change the adage from #SilentMajority to #RespectfulMajority #WWG1WGA

Thank you to everyone who came out and marched with me today to help #EndHumanTraff cking. It was really awesome to see so many people up in arms to #SaveOurChildren. With your help, I can win in November and take the fight directly to the human traffickers and their clientele. In Washington I will fight for REAL solutions to end the practice of modern slavery.

What is my chest tattoo you ask? My ancestry. The Austrian-Hungarian Coat of Arms created as part of the Compromise of 1867 that established the dual monarchy of Austria-Hungary. The compromise put an end to the 18-year-long military dictatorship and absolutist rule over Hungary.

I'm the kind of #Patriot that would pull over to help you change your flat tire... even if you had a Joe Biden sticker on your window. I would just make a jest after the fix, that poor decisions lead to poor results.. that would bring it full circle

I would have to throw on a Trump hat after helping, wouldn't want to risk getting it dirty while changing the tire.

So posting a meme with a question, seeking answers, is a no-no? Seriously? Comparison to the MSM? I argue that your choice to assume I had a hidden agenda is more common to the MSM. Let's be honest, your reply to my original question was your attempt at an "I got ya" moment

Actually, no, it was not a "I got ya" moment. It was a "I'm tired of the political pissing contest."

I'm sorry if you feel that way, but now it's kinda hard to trust. I've caught both sides of the fence red handed before.

Extremely important to participate in council meetings which is extremely easier now that most are virtual. You will discover how inept some of these people are

Thinking mirror is the same reason I let the mayor have it on fb in a local group of 22k. He's a so-called Republican, but was being played until I spoke up. Speak up citizens

These lies you're reading right now, the demonization you're reading right now, this is Far Left Wing's America - Not @realDonaldTrump's America.

And often times it is projected and encouraged by the Fake News - Mainstream Media. Don't buy into their identity politics.

> **Kamala Harris** @KamalaHarris
> The violence we're seeing right now, the pain we're seeing right now, this is Donald Trump's America ... not Joe Biden's America.

Really soon the Dems are going to realize it's over for them in 2020... @realDonaldTrump isn't just running a successful campaign, this is a movement... a MAGA Movement... a cultural shift. Taking our country back.

MATTHEW 6.4
Be careful not to practice your righteousness in front of others to be seen by them. If you do, you will have no reward from your Father in heaven.
So when you give to the needy, do not announce it with trumpets, as the hypocrites do...to be honored by others.

It's so utterly disappointing that the MSM has nothing better to do than to challenge President on semantics. They want @potus to be a passive aggressive leader... just like the cultural left. Issues are only important when they push agendas or self gratify.

Unlike some, I don't need nor expect @realDonaldTrump to give me a daily Ted Talk on how to live my life. He didn't force us there, his team provided masks, and to appease cry babies like you, they were mandatory. I won't wear a mask anywhere else but to support the @POTUS.

Imagine being @realDonaldTrump on that stage last night, knowing what he knows. How he was falsely accused, his family investigated, his entire presidential term served with nothing but obstacles. How he held his composure is beyond me. Sure he was angry. Who wouldn't be? #Trump

Does anyone believe he can keep us safe?

I do enjoy a modern day nove. reminiscent to 1984.

People who have black friends does not mean they are not racist

Thank you for giving me the "ok" to call out racists. I don't need the "ok" but thanks anyway.

I do enjoy a modern day novel reminiscent to 1984.

People who have black friends does not mean they are not racist.

Thank you for giving me the "ok" to call out racists. I don't need the "ok" but thanks anyway.

Quit the lame attacks on @SteveScully of @cspan, who s scheduled to moderate next debate.

He was a mailroom intern for Biden 42 yrs ago So? I was a mailroom intern for Dem Sen Bill Bradley 29 yrs ago

Many good reasons to challenge biased debates. This is NOT one of them.

1/x Everyone agrees Tuesday's debate was a train wreck. A major contributing fact was the moderator Chris Wallace, a registered Democrat, repeatedly interrupting to try to help Joe Biden. The next debate is set to be moderated by a former intern to... Joe Biden. (And Ted Kennedy)

Good statement which leads me to the opportunity to say (not intended to single you out): a vigil is not specifically intended to mourn death. It is by definition

"A period of keeping awake during the time usually spent asleep, especially to keep watch or pray."

I think this was meant to discourage prayer as a form of promoting self righteousness and using it to sway an opinion. "Look at me, I'm praying" Instead, if done in private, it becomes more sincere since no one can see you in the public eye and you have nothing socially to gain.

Yeshua did discourage public prayer but in the context of His time they were battling the adoption of pagan ritual worship being adopted by the Israelites.

Good statement which leads me to the opportunity to say (not intended to single you out): a vigil is not specifically intended to mourn death. It is by definition

We should all reflect on the news lines right now

LEFT WING: Trump driving past his supporters at WRMC is dangerous to the SS Agents

RIGHT WING: Trump is not at WRMC, all videos are green screened, he used a body double in the drive by. He's on AF1 ... he's in a bunker

It's all so ridiculous. I'm all for trying to figure things out. But the conclusion should come after the evidence, not before it.

I will be leaving the great Walter Reed Medical Center today at 6:30 PM. Feeling really good! Don't be afraid of Covid. Don't let it dominate your life. We have developed, under the Trump Administration, some really great drugs & knowledge. I feel better than I did 20 years ago!

Good point on the OPSEC I think by now though, the DS and media pretty much know he isn t at Walter Reed Thats why they re trying to convince the public that he's dying. Push for transition of power, delaying SCOTUS, removal of his twitter, etc. Last ditch effort.

Ignore the disgusting lib media in any time of crisis. They don't give a damn about you, the country, or the truth. They spew bile from their mouths in an effort to advance convenient liberal narratives & they'll watch the country burn in order to win an election.

No fear from me my brother. I just think we should be more cognizant of our digging and not allow others to leverage our finds and use them to push their agenda.

It is those who are digging so fervently that should revisit the motto that nothing can stop what's coming.

Biden and Democrats just clarified the fact that they are fully in favor of (very) LATE TERM ABORTION, right up until the time of birth, and beyond - which would be execution. Biden even endorsed the Governor of Virginia, who stated this clearly for all to hear GET OUT & VOTE!!

Preliminary Info in MAGA Meetup Pt. II with @RedPill78 and your favorite Patriot

Ok folks here's the plan:

The similarities
The event will start at 6PM and run through 11PM
We will have free food
We will have T-Shirts
RedPill78 will live stream
We will have the 26' LED TV and Stage
We will have a 50/50 Raffle

The differences
We will not have local politicians speaking
We will have much more interaction between RedPill78 and the audience online and in person
We will do giveaways
We will play Patriot Trivia with the audience

More to follow

It would be a blessing... but @realDonaldTrump is at war, fighting for us. Shaking the troops hands comes after the Victory!!! We will get his acknowledgment. I know it

I have fully authorized the total Declassification of any & all documents pertaining to the single greatest political CRIME in American History, the Russia Hoax. Likewise, the Hillary Clinton Email Scandal. No redactions!

> **Paul Sperry** @paulsperry
> When all the documents are finally declassified, and all the redactions removed from reports, the nation will see that the FBI and CIA not only knew the Russia "collusion" allegations against Trump were a political dirty trick, but that they were in on the trick

This is an example of the problem... you only want @realDonaldTrump to work when it pleases you... Guvnah... how about you tell your gal pal @SpeakerPelosi to trim the fat... you should get to work on improving your state... not stripping their rights... Get to work.

> **Governor Gretchen Whitmer** @GovWhitmer
> Mr. President, millions of hardworking Americans are relying on you for a COVID-19 relief package. Get to work. twitter.com/realDonaldTrum

Now, if someone could wipe that smart ass smile off her face and tone down her head shakes. Bless @Mike_Pence for staying composed.

All - be patient. We will have a stream available I promise. We need to be tactical. Every new account we open gets removed. I ask you to please monitor the twitter feeds of @RedPill78 @M2Madness @SeesInPixels and I. Once we have a stream channel with redundancy we will post.

You're scared of QAnon? Seems to me that all they are doing is exposing deep state lies and secrets. I think big tech is scarier then QAnon especially when they censor platforms because they want to stop the release of the truth. You're a sick bastard Schiff. twitter.com/repadamschiff/ …

You're mixing things up o Chip. QAnon's don't think JFK Jr. is alive. That's a whole mother set of theory (Fall of the Cabal).

I guess you'd know that if you did your due diligence like journalists are supposed to.

This young lady can sing! Not to mention how brave she was. Listen and you'll hear when she gained her confidence.

After my speech I told he she should be confident every time she touches a microphone because she's that good. On came the tears after that ❤️ 💙

I think @realDonaldTrump won easily but it's obvious why @JoeBiden is scarce before the debate... he's reciting his answers to questions he is likely made aware of before hand.

He's still a bumbling idiot though

Biden reminds me of that smart ass, failure of an uncle you may have had.. the one who uses credit for everything, cheats his friends out of money... the one who "cares" about his family but ya never see him... unless it's on the Holidays.

Yea that guy... the pretender

It's sad when the MSM has our youth so convinced that @realDonaldTrump is racist and anti-LGBT to the point that they resent family members who support him. Today my nephew, who is transgender, took a very negative approach and has my wife in tears.

This has to end.

Anyone baiting dissent or causing conflict amongst conservatives needs to be taken to the back room & spoken to.

No one needs to be ostracized for making a comment or Tweet. We are above that. People are fallible, emotions are palatable & we are a forgiving society.

Patriots don't take solace in anything but Trump. Let's hope the watermarks are real, let's hope there was a trap.

But let's not be content.

Question everything.

Especially when it's from "influencers". At this point, no one but @realDonaldTrump and @GenFlynn can be trusted

FYI a Recount is an Audit.

Purpose

Election audits are conducted to ensure that election voting tabulators are operating accurately and complying with regulations or internal policies, and to promote voter confidence in the election administration process. Since the 2000 presidential election and the enactment of the Help America Vote Act of 2002, post-election audits have become a focus for the election community to enhance public confidence in the outcome of elections. In response, the election community started piloting and testing innovative ways to conduct post-election audits. This paper provides an overview of an essential election audit: post-election tabulation audits.

Post-Election Audits

Post-election audits (PEA) are used to verify that ballots were tabulated correctly. These audits generally require a local election official to audit a percentage of its tabulation equipment and ballots/images, a percentage of jurisdictions, or perform a risk-limiting audit (RLA) of ballots. Most PEAs occur before an election is officially certified by a canvass board or chief election official. The frequency at which audits are conducted varies by state (some states require an audit after every election, others require an audit only after federal elections).

Audit Factors

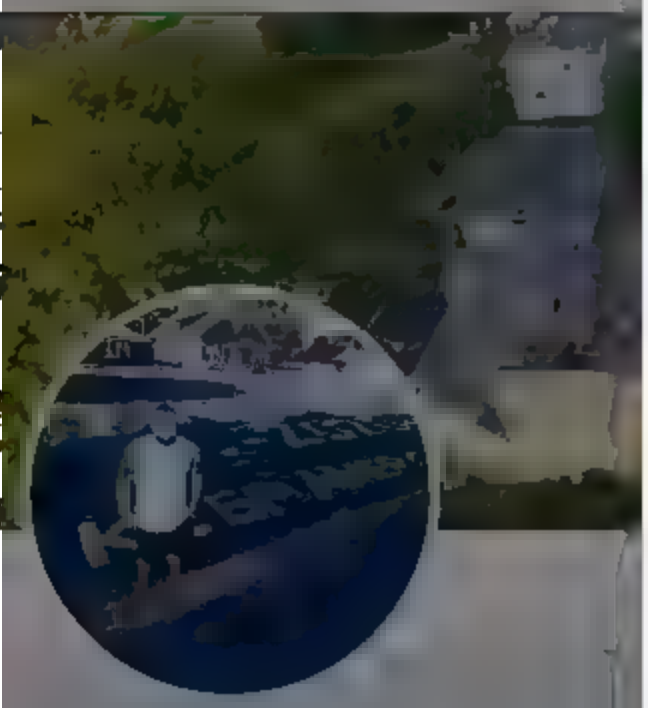

- Administration – Typically, state legislation gives the state's chief election official the authority to create and administer rules for administering election audits. While the chief election official can determine how the audit is conducted, they are often limited by the legislation to a specific type of audit and the timing for the audit (e.g., beginning nine days after the election and concluding before the date of the canvass). In other states, legislation may direct local election officials to conduct post-election audits in randomly selected precincts and selected contests. For information on types of audits, see below.
- Conduct – Election audits are usually conducted locally; some states require that audits be conducted by state personnel or independent auditors. Some states allow observation of the audit by the public, third parties, or candidate representatives but this also varies by state.
- Personnel – Election audits usually require a bipartisan board or team when ballots are transported or counted. Some states use a third-party provider to conduct other audits (e.g.,

Patriots don't take solace in anything but Trump. Let's hope the watermarks are real, let's hope there was a trap.

But let's not be content.

Especially when it's from "influencers". At this point, no one but @realDonaldTrump and @GenFlynn can be trusted

Pray for Biden

Psalm 109:8

“Let his Days Be Few”

@cjtruth @prayingmedic @PrayingActress @M2Madness @JuliansRum

Psalm 109

For the director of music. Of David. A psalm.

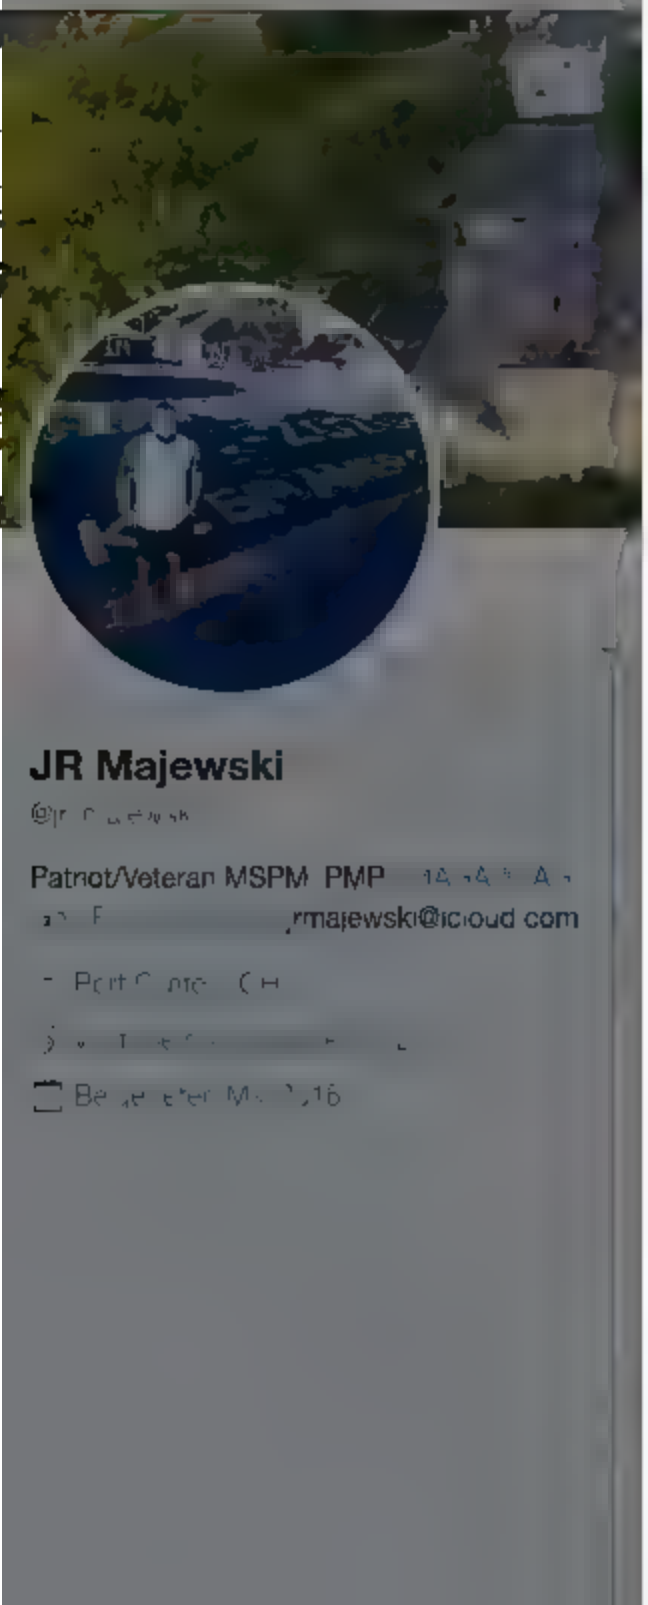

1 My God, whom I praise,
do not remain silent,
2 for people who are wicked and deceitful
have opened their mouths against me;
they have spoken against me with lying tongues.
3 With words of hatred they surround me;
they attack me without cause.

Hey @MikeDeWine how is your statewide mask mandate legal?

Better yet, when did I lose my right to free will and pursuit of happiness when these masks don't pass muster scientifically?

Does putting a piece of nylon on my face make it better?

As I reflect back this year, I was anticipating a triple header on Veterans Day... my birthday and a win for @realDonaldTrump

While these are confusing times, I believe it is God's will that this happened. Only so that a man of @realDonaldTrump's tenacity can tear this MF down

For everyone screaming 2A in DC, you must realize that open carry is illegal in DC and concealed carry permits must be provided directly from DCPD.

It's fair to assume that law-abiding Trump supporters left their firearms at home.

Societies like the one on display in DC today almost always collapse and need to be rebuilt.

I pray to God that our politicians gain the fortitude & wisdom to do what's right. As it stands now, I am losing faith by the second.

It shouldn't take the Proud Boys to save America.

Meanwhile they do nothing to defend us except ask the MSM to turn on their cameras.

Listen folks... I was never part of the Silent Majority.

Just because you might have been and want to stay silent, doesn't mean I will.

If you haven't figured that out yet, you shouldn't be following me.

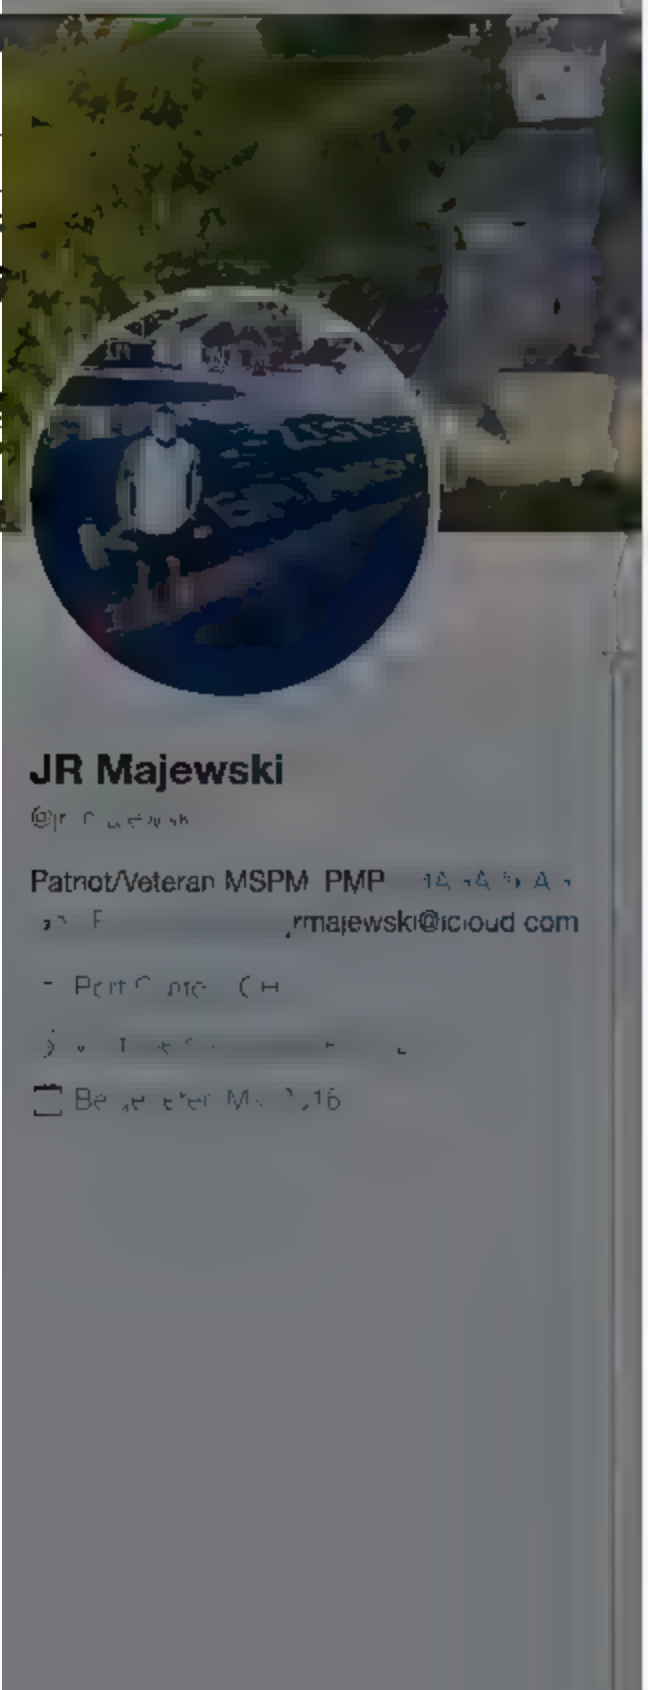

We both support @realDonaldTrump but I won't do so with a closed mouth

I love how people think I blamed my rant on @realDonaldTrump ... instead of reading what I said.

If those of you who did so, even supported him 1/16th as much as I have, (and still do) we might be in a better place.

BTW. a voice with a wide reaching audience like @RichardGrenell is right to call on media about this. You and I would not get noticed. Media has called these sick fuks peaceful protesters for too long. He's asking WHY they aren't covering the REAL violence.

This is how it's done folks...

1st @realDonaldTrump addresses the violence. Then, he says what is being done... and then he calls out the media.

Do you see the delineation? This is leadership. 🇺🇸

Every politician out there right now, bitching about the MSM not covering the violence in DC without telling us what THEY are doing to stop it, should be considered suspect.

#DOSOMETHINGDC quit asking the media to send a fucking camera. You are elected to solve these issues!

I can't believe Trump hasn't said a word. If it weren't for the few proud boys these people would be left alone completely. No one is covering it. They're attacking families with children

Personally I don't care if @JoeBiden concedes the election. Everyone involved at Dominion voting should be in jail for rigging the election... including the other trolls in his army... like @KamalaHarris @SpeakerPelosi @SenSchumer @RepJerryNadler @AdamSchiff

For years I've been strong on the fact that term limits won't work, we need to reform campaign financing. It shouldn't cost $14M to run in a State like Ohio.

A more reasonable funding process would allow give good candidates a chance to be elected & course correct the system.

My first order of Business as Governor Elect of Ohio would be a “Mask Buy Back Plan”

I would stand outside of the State Capital and give everyone a crisp Lincoln $5 Bill and a high five when they threw their masks in the garbage.

Actually, dictators are the first to call their opposition dictators. Leaders, take opposition in stride & seek the truth... sure they have opinions but they seek to use a process. Communists on the other hand, sell nihilism within the guise of information. You lie... nihilist

A government fails it's people through the loss of trust. When/If trust is lost, so then is the opportunity for arbitration. Leaving battle as the only substitute.

Right now America doesn't trust the majority of our politicians.

The DOJ must arbitrate before all is lost

Consider the parallels of Communism then & now

Then it surfaced with the industrial revolution as economic inequality grew widely where societies like Russia transitioned from agriculture

Now the ideology is resurfacing in the wake of a social media & information revolution

I'd wager that over 300k Patriots have had their accounts deleted by Twitter in their attempt to sensor Patriots.

Nihilism is the belief that all values are baseless, nothing can be known or communicated. It is often associated with radical skepticism that condemns existence. A nihilist believes in nothing, has no loyalties, & no purpose other than, perhaps, an impulse to destroy.

Calling out proven MAGA Patriots like @dbongino without private discourse is grifting. Don't get me wrong, I'm guilty at times but I always correct myself.

The system is corrupt no doubt. But with or without it, unity is what we need.

Praise in Public, Correct in Private

> **Rich Higgins** @RichHiggins_DC
> IMO this is dividing line between GOP grifters and true MAGA. Anyone hustling GA repubs to vote on Jan 5th in a corrupt system using corrupt tech for corrupt people people who are unwilling to audit their Nov 3 election is a grifter

I want to put on a Trump Christmas Light show to overlay the 19k square foot logo I did this summer.

Raised $500 so far. No idea how much this is going to cost yet.. but I'm envisioning $5-$6K. If you know someone who does lights, DM me

@LLinWood @GenFlynn and @SidneyPowell1 are you aware of the accusations posed against @ali? I can't talk specifics but I've heard concerns of fraud etc.

Stating the truth, that I heard rumors of fraud isn't defamatory. Especially when they are rampant on Twitter. In my mind, having the wherewithal to bring it up in public to clear the air was the righteous thing to do. I intended to bring the discussion out of the shadows.

We got enough bullshit going around that do harm to this movement, we don't need to be thoughtlessly spreading rumors. Especially not right now, our country's hanging in the balance. We need to stay focused

You must not know me well or read my tweets. If you did, I think you'd realize that's the last thing you'd have to tell me. Your energy would be better spent on telling people who post info discrediting him these things then someone who tells him it is happening.

Special thanks to those who cannot read and jumped my shit.

Consider the parallels of Communism then & now

Then it surfaced with the industrial revolution as economic inequality grew widely where societies like Russia transitioned from agriculture

Now the ideology is resurfacing in the wake of a social media & information revolution

Thanks man. Last thing I wanted was a rift between us. You're a 🏔

I absolutely do not want to make anything and I turn down offers.. like book offerings etc.

I am fortunate enough to make a very good living that provides me with the means to do what I do. Wife hates it but 😉

The media (wizards of meedes) need to be replaced. I personally don t care if Patriots make a penny or make a billion dollars. WE ARE THE NEWS NOW! Patriots don t attack Patriots. By the way, conservatives believe in capitalism, in case you forgot. Many left lucrative careers.

It's all a joke bud. There's a stark difference between who I'm speaking about and those we all call Patriots.

Attacking would be calling out by name. I'm just trying to make people laugh

Tonight's Trump Rally in GA was exactly what the Patriots of the country needed.

I saw nothing but a confident President, humbled by his accomplishments, willing to carry this country to greater heights.

He knows he has this handled. He's rejuvenated and ready. #Trump2020

gunship within 35 meters of his position.

With the team expending all of their rifle ammunition and grenades, they drew their pistols in an attempt to suppress the advancing enemy. Germanovich directed his team's withdrawal, then traversed 700 meters carrying a casualty up a mountain to a helicopter landing zone while directing close air support.

Germanovich is credited for the protection of over 150 friendly forces and the destruction of 11 enemy fighting positions over the course of the eight-hour battle.

The Air Force Cross is second only to the Medal of Honor and is given to members of the armed forces who display extraordinary heroism while engaged in action against an enemy of the United States. With this honor, Staff Sgt. Germanovich becomes the 12th Special Tactics Airman to receive the Air Force Cross since 9/11.

Special Tactics is the Air Force's most highly decorated community since the Vietnam War specializing in global access, precision strike, personnel recovery and battlefield surgery. Since 9/11, Special Tactics Airmen have received one Medal of Honor, 12 Air Force Crosses and 50 Silver Star

It drives me crazy. It's fun speculating things I understand but when your speculation doesn't turn out true don't freak out! We have enough evidence of it being real from the future proving the past. Like Q says think logically, but seems like everyone overthinks with no logic!

I don't gauge my decisions to support other Patriots based on how many subscribers they have.

I say this because I've been asked a few times recently & when I say YES, they've been surprised.

It's all good buddy. I take solace in working by myself. For too long I've not done "the work" and lead... It's nice to figure things out and problem solve simpler things every once in a while

You could do that with a wood, PVC, or aluminum frame and some waterproof LED strip lights from Amazon.

Easier than painting YOUR yard

COMMONWEALTH OF PENNSYLVANIA, STATE OF GEORGIA, STATE OF MICHIGAN, AND STATE OF WISCONSIN,

Defendants

On Motion for Leave to File Bill of Complaint

BRIEF OF STATE OF MISSOURI AND 18 OTHER STATES AS *AMICI CURIAE* IN SUPPORT OF PLAINTIFF'S MOTION FOR LEAVE TO FILE BILL OF COMPLAINT

actions "implicate a uniquely important national interest" because "the impact of the votes cast in each State is affected by the votes cast for the various candidates in other States." *Anderson v. Celebrezze*, 460 U.S. 780, 794-95 (1983). "For the President and the Vice President of the United States are the only elected officials who represent all the voters in the Nation." *Id.*

Amici curiae are the States of Missouri, Alabama, Arkansas, Florida, Indiana, Kansas, Louisiana, Mississippi, Montana, Nebraska, North Dakota, Oklahoma, South Carolina, South Dakota, Tennessee, Utah, and West Virginia. *Amici* have several important interests in this case. First, the States have a strong interest in safeguarding the separation of powers among state actors in the regulation of Presidential elections. The Electors Clause of Article II, § 1, cl. 2 carefully separates power among state actors and assigns a specific function to the regulation thereof. Every State's U.S. Const. art. II, § 1, cl. 4 [illegible] system of federalism relies on separation of powers to preserve liberty at every level of government, and the separation of powers in the Electors Clause is no exception. My good friend Rep. DJ Swearingen @DJSwearg89 is representing Ohio well! It's now up to Ohio AG Dave Yost to do his patriotic duty

State Representative D.J. Swearingen

37m

Constitutional, transparent, and fair elections run with integrity are essential to our Democracy. Today, my House colleagues and I asked Ohio Attorney General Dave Yost to ensure that happened in the 2020 election by joining/intervening in the Texas election lawsuit pending before the U.S. Supreme Court.

At that time, I think he was fooled like the rest of us. I cannot recall a scenario where Glenn has been wrong and not come to the table with accountability. He was wrong about Trump and he came clean. In hindsight, exposure looks easy but let's not forget those who died trying

I was a HUGE Beck fan. Annoyed my family with it and everything lol remember when the dude passed out in air, when Glenn showed everyone the number on the bottom of his red phone to Obama and listened 3 hours on the radio everyday. But the Acorn thing KILLED it for me

If China shot down an F-16 from Canada, Trump would be LIVID. It's an act of war, with 2 countries complicit. I seriously doubt this theory. Military news reports that the pilot was found dead. Not many realize but the Upper Peninsula of Michigan is a wilderness! Think Alaska

If that were the case we would be mobilized at the Canadian border actively searching for underground tunnels. Heck, that could even be seen as an attempted invasion. Trump doesn't take any shit and in trying times like these, weakness isn't in his purview

As always, I voice my opinion and don't call anyone out. You make up your own mind. If it resonates then good. If not, I ask that you accept it as my rant. We are still on the same team. I still love those Patriots that I'm referring to. They can do better though

I can't even tell you how many people DM me saying "so and so said this and that and trust the plan, what does that mean?" Then I look at so and so with 50000000000 followers and I'm like WTF?

If Trump goes through with his rumored "2018 EO Plan" in a few days, all of Big Tech will be quickly banning and censoring ALL support of the 2018 EO.
Now you must establish communications off of Big Tech. otherwise you may quickly find yourself in the dark.
It will be BLACK OUT

Sorry not sorry. I'm old enough to remember when Dan Bongino gave a H/T to M2Madness on his show and knew that M3 was a guy, but then I saw him claim that he didn't know who you were. How do you follow M3 close enough to know his gender but never hear of @CodeMonkeyZ.

It seems @tracybeanz is the only voice of reason RE. the SCOTUS ruling Yes we aren't happy, No we won't give up all you. Patriots acting like Nostradamus do no favors. If you want to take a leading position in this movement, add SUBSTANCE not flamboyance

We've never known the process. Only the outcome. In between lies substance and an opportunity to awaken others by sharing facts and illustrating connections. That's the part we all play. That's why accounts of all size matter. That's why you should never predict or attempt to.

The barometer is out there folks. Don't think for a second that the good guys in DC aren't using social media to gauge the conservatives willingness to accept the President invoking IA 1807. Don't believe me? Look at what was trending last night on Twitter.

The MAGA vs. Anon meme's do nothing but spread a divide. Anon's should continue to inform MAGA folks and not discount them as being frantic. Here's one I came across today. Yea it's kinda funny but we are all PATRIOTS

I posted this one earlier. I didn't see it as a division post, more of a representation of the current sentiment. If anything, it should be a clue to Patriots that aren't holding the line to pay a little more attention to the anons and their attitudes. Have faith. #TrustThePlan

There are a lot of Anons here who don't do this for the money or glory but do this to truly save our country & the world. Patriots, you will never know the legacy you are leaving. I am grateful to all who have participated in The Great Awakening. The best is truly yet to come!

I'm not personally attacking @senatemajldr on his statement today. I'm attacking the broken system that watches fraud & does nothing because it has hamstrung itself.

I'd wager he is making these statements for optics. After all, the left is easily distracted.

This is why we need @realDonaldTrump to reform a corrupt system, plagued by formalities that result in chicken shit politics and decorum.

@senatemajldr you're aware of the fraud. why not speak on it? Why pretend? Our Congress wishes they behaved as virtuous as our forefathers.

They do this with ZERO shame because they know as a society, we have superficial tendencies. NOW we are reading the details

Sorry I'm not (and never will be) politically correct. I call it like I see it.

If what I say resonates with you, then maybe you're the intended recipient?

We should all be open to constructive criticism at this point.

Some of the Patriots who (for months) posted nothing but hype... like "the storm is upon us" "nothing can stop what's coming" are now confused that this isn't "the movie" they thought it would be.

You spent too much precious time hyping for followers. Welcome to reality

Some ... not everyone
Patriots ... I'm not saying their grifters
Confused ... they believed their hype and didn't see the whole picture

Is this a movie? Time will tell but we are the actors and we must play a role. This isn't automatic.

Here's my hardship with this: some random Twitter persona wrote this "timeline". They have zero Intel, and absolutely no basis for their position. They just predict.

While that's ok in certain contexts, it fails to resonate with someone like me. Without explanation, it's flat.

When you think the stage is set, Trump moves another piece into the picture. The plan is huge, all players roles being acted on whether they like or not, everything timed perfectly like clockwork, producing their final marketing on the masterpiece. All for the world to see.

What's it feel like to know that you don't matter? To know you're a try hard?

What's it like to know you're a liar, hypocrite & a narcissist?

I'd really like to know, but the latter likely prevents you from the ability to realize & I'd wager your explanation would be irrational

Confused - they believed their hype and didn't see the whole picture.

Is this a movie? Time will tell but we are the actors and we must play a role. This isn't automatic.

I personally think its all paranoid suspicion. If he was a bad guy then I don't think Trump would've ran with him again

And to all the people who point out his presidential aspirations. Ted Cruz also ran against Trump in the primaries this year

If you're going to DC on the 6th & have a hotel booked, please call to ensure they do not require a negative COVID Test prior to check-in.

I'm hearing from sources that this is being played to deter us from being in DC.

Pretty sure if you were abused you would have mental problems and it was actualy a female testimony not male. personally dont care what ssues anyone has Either way honesty and transparency need to happen n ppl punished.

I didn't insinuate anything except facts. Not my intention to play dentity politics I also never reference any gender or said anything with a derogatory tone

I agree that honesty and transparency are a must. But I also believe that people are very prone to spreading disinfo

I actually read your response wrong n thought it said male landscaper apologies At this point in time i dont believe anything but open to everything Think without a complete overhaul of classified info and actual punishment for those at top, the small fish means nothing

Did you know that Jan 6th is the old Christian Holiday known as Epiphany?

Epiphany, or the 12th Day of Christmas commemorates how a star led the wise men, to the baby Jesus.

Telling me I need to research is condescension. I'm not trying to argue. I'm willing to converse. I'm no fool.

Chemo does kill and it also kills cancer.. in the same context, it treats it as well.

Did you know that Jan 6th is the old Christian Holiday known as Epiphany?

Epiphany, or the 12th Day of Christmas commemorates how a star led the wise men, to the baby Jesus.

The U.S. American @theusamerican · 9 Min

This guy is clean and he's helping Trump save the world

Back in 2011, the indomitable Peter Schweizer published *Throw Them All Out*, a detailed examination of political corruption as it is actually practiced in the halls of Congress.

In his investigation, Schweizer found one single member of Congress against whom no allegations could be held – who had never taken a dime that was not his, had never cut any backroom deals, had never – simply put, played the game.

That individual was Jeff Sessions.

That fact is all you need to know to understand why Donald Trump selected Sessions for the Department of Justice, and why Sessions has followed the course he has in taking on the "Russia collusion" coup effort.

Jeff Sessions

Sessions is the quintessential Eagle Scout. He will follow the rules down to the last subclause and will not make his move until every "t" has been crossed and every "i" dotted.

We saw the first results of this approach last Friday, in dealing with Andrew McCabe, this century's prime example of a "cookie full of arsenic."

Sessions waited until the FBI's Office of Professional Responsibility (which is run by Assistant Director Candice Will, who was appointed by Robert Mueller, of all people) recommended that McCabe be fired. He then had McCabe officially informed beforehand, following established procedure to the letter.

I'm a Christian and an intellect. That said, I find it difficult to engage with people who give their opinion, and when rebuked they simply say, "it's God's will" or something similar

Don't wanna say this but after tonight's exchange. I won't be in DC on the 6th. I will always support the President. But not those who behave as displayed tonight

Sucks to say but I rented multiple studios so people without means could attend.

YOU should attend!

Maybe it's a play on semantics but that not intended. But factually speaking there is no cure for cancer. We can stop it from spreading but once cells become abnormal, we can't return them to their natural state.. that would be the cure. Instead we treat to eradicate the cells.

If you're going to DC on the 6th & have a hotel booked, please call to ensure they do not require a negative COVID Test prior to check-in.

I'm hearing from sources that this is being played to deter us from being in DC.

I have "helped cure" many that wouldn t use pharms, most recent "cancer be gone" story, a month ago. Have you worked with natural remed es in conjunction with cancer patients not receiving pharms? Just tryin to figure out where your blatant certainty on this topic comes from.

Maybe it's a play on semantics but that not intended. But factua y speaking there is no cure for cancer We can stop t from spread ng but once cel s become abnormal. we can't return them to their natural state that would be the cure. Instead we treat to eradicate the cells.

Stoping the spread of cancer is not a cure. That's my point. I didn't create that medical definition. Again I'm not trying to argue. I find holistic treatment to be superior to chemo... can it cause remission and for the cancer to not spread? Absolutely

I have "helped cure" many that wouldn t use pharms, most recent "cancer be gone" story, a month ago. Have you worked with natural remed es in conjunction with cancer patients not receiving pharms? Just tryin to figure out where your blatant certainty on this topic comes from.

1

JR Majewski @r majewsk 10 Std
Maybe it's a play on semantics but that not ntended. But factua y speaking there is no cure for cancer We can stop t from spread ng but once cel s become abnormal. we can't return them to their natural state that would be the cure. Instead we treat to eradicate the cells.

If you're going to DC on the 6th & have a hotel booked, please call to ensure they do not require a negative COVID Test prior to check in

I'm hearing from sources that this is being played to deter us from being in DC

If you have info on hotels, leave a comment

If you're insinuating that I attacking him by posting his unedited Tweets then you're wrong. Also I don't believe that God wants us to be influenced by someone this disgraceful. This isn't attacking its shining a light

Pray and do what you think's right. Talking behind someone's back is not good. Cc the person you are accusing or talk it out with him. We truly must remain focused. God bless.

I encourage you to reflect on exactly what happened last time I I did what you are recommending (cc'ing) the person attacked me with false accusations and leveraged his following against me.

I agree we must remain focused & I know you mean well. But I am a grown God gearing man

There is only 1 goal. To show up and support The President. We must stay focused to do that. Attacking each other is not the way. Let's show up and have a peaceful presence there. That's it. Trust Almighty God. "Be Holy as your Father in Heaven is."

If you message me for help, please be attentive to Twitter. Time is of the essence and there's over 50 people asking for help.

I cannot take time to go through messages with limited detail and apply sanity to coordinate if I have to wait an hour for responses.

Let's do this

If you sent DM about traveling to DC & I did not respond, please contact me again

I did my absolute best to make it as efficient as possible but I'm only human. I had to move on in certain cases due to no replies

I manage a $6B portfolio, & this was actually more challenging

Ok seriously my brain won't stop. Thank you all for the kind words.

I'll leave you with this:

Thank you all for giving me this platform to help people and to just be my Patriotic self.

Please know that I realize; what is given can be taken away.

He didn't want a war Or as my nephew says
"He don't want no smoke"

This is how the battle is won. We don't need a bunch of PAYtriots standing on a stage preaching to us in DC.

We need unity, motivation, and organization.

We the People don't have an Amazon wish list

Financially it just can't happen. I'm in montana and I looked up a airline tickets and they are $500 and that alone is beyond my reach. Then there's the cost of lodging on top of that.

We can sleep in our cars. I will cancel every hotel room I've booked booked and go buy $6k worth of tents and sleeping bags.

We can stand watch, just like GW and the Patriots of 1776.

We aren't filing lawsuits... or asking please... or asking why?

Because we already know

Who did that ???

I still don't know what it means..
You called yourself that

In a reply to me yesterday
And I had to go look it up
Truth

I saw you called others that
So that's where I got confused

I hope it's not me that you are accusing here

30 mins until 1 lucky Patriot wins a chance to tour the Whitehouse with me on Jan 7th.

If you're not at the rally, you won't be eligible.

A screening is req'd by me and then the WH.
By me because my reputation is involved.

I will randomly choose then screen, then announce

A Patriot is willing to rent their place to us for a discounted rate instead of staying at the hotels.

It's about 45 mins from DC but we could bus in and not risk losing sleep.

I could use the delta to pay for transportation to and from DC.

Thoughts?

I have credible Intel that hotel chains MAY shut down the day prior to the 6th

Intentions are to give refunds but to cause chaos As you know it takes 24 to 48 hours to receive a refund.

Plan appropriately.

If you are staying with me or my team don t worry. We got this.

I have credible Intel that hotel chains MAY shut down the day prior to the 6th

Intentions are to give refunds but to cause chaos. As you know it takes 24 to 48 hours to receive a refund.

Plan appropriately

If you are staying with me or my team don't worry. We got this.

Maybe write to all the hotels for clarification and if they do cancel at the last minute, politely advise them that you will never frequent their establishments again. How dumb can these businesses get!

I need to make changes. getting rid of hotels & renting AirBnb's.

I have a ton of people to get travel for.

Please keep your alerts on and refrain from messaging. My inbox is inundated and I cannot keep track.

This might take a few hours so don't fret. I'm in it to win it

I've opened a PayPal, Venmo and CashApp helping people. I've even used my wife's

Each has been shut down because of "suspicious activity" when sending money back and forth.

If you send a donation plz ensure it is labeled that way. Otherwise these apps require receipt info 😉

Still waiting on @AskPayPal @PayPal to review my account. I've sent my DL, my bank statement.... come on

[illegible] checking account for yours

I made this account with the sole intent of receiving donations and redistributing them to people in need.

I was naive to request that the people send their donations to friends or family as I normally do not use this type of service

So when I couldn't send money to people, I figured it was because the account was new and things would clear up.

In order to get the donations to people in a timely manner, I used my personal account, (which you'll see by virtue of my bank statement) to redistribute the money via Venmo or Zelle, or CashApp... depending on what the recipient had.

Now PayPal decides to place a hold on my account and that leaves me in dire straights. $6.7k being held

If you donated to PayPal, be advised that you may receive a call confirming your donation.

Particularly if you didn't send the payment as a gift to friends.

I told PayPal that I was collecting and distributing donations to people in need of financial help to travel to DC.

There's nothing worse for someone with my personality than to have to wait. Especially when the answer is clear.

@PayPal you shouldn't make people have to wait without any reciprocation.

After this issue, my, and my wife's accounts will be closed.

donations to friends or family as I normally do not use this type of service

So when I couldn't send money to people, I figured it was because the account was new and things would clear up

In order to get the donations to people in a timely manner, I used my personal account, (which you'll see by virtue of my bank statement) to redistribute the money via Venmo or Zelle, or CashApp depending on what the recipient had

Now PayPal decides to place a hold on my account and that leaves me in dire straights $6.7k being held

All - some people have too much time on their hands. If you believe that I am up to nefarious things.... realize that everything I have done, has been, and is, transparent to the donors involved. Most donors are not able to attend so they are paying it forward.

Folks. I just got offered a $2500 donation. But here's the catch this person has already donated $3000.

They promise to donate $2500 if I can get that donation matched be it by single donor or group donations.

Who's in?

You realize that if your "feel" is wrong, then you're just attacking a patriot that is selflessly giving his time and own money to organize this thing and help less fortunate people. He's setting up flights / hotels for guys, too. Most people he will never meet in person.

1

YogiB - LightLoveLaugh Sophia @yogibear951 2 Std

Didn't need just feel. His attachment to KNOWN Cabal accounts was a so HUGE. Then add in many DM's from ATTRACTIVE women saying all the bizarre freebies had them freaking out. Then read it ALL TOGETHER. TELL ME if you'd send YOUR (only cute were asked) DAUGHTER..? SERIOUSLY?

1

Spooky Jay @Spooky_Jay36 2 Std

I know that you're wrong because:

1 Redpill not Cabal. WH's are not removing controlled opposition. there's plenty of that out there. Jack Dorsey's silencing Patriots.

2 JR isn't only helping out "cute girls". Ask all of the guys he's helping.

I would think that anyone accusing someone of something as serious as human trafficking without factual proof, would have a tough time in court as the defendant in a defimation and libel lawsuit.

I've always been on the fence when it comes to Pence.
His wife DID get an envelope at HW's funeral, too
He never really accomplished anything and nobody knew who he was until 2016 with Trump.
"Keep your friends close but your enemies closer"

I hope I'm wrong but who knows

I always thought he may be the "insurance policy" that Strzok talked about & that's why [they] aren't panicking about the Electoral College vote w/Pence coming up. They think he's in the bag
Plot twist: [they] think he's on their side but he's been playing them into Trump's hand!

I believe Trump is creating/wants this chaos so he can work in the background. If you have what looks like hundreds of leaks coming out, the DS doesn't know where to look while Trump works.

Example: under early 2020 COVID chaos he absorbed the fed reserve into the treasury.

Pence TRIED to kill Potus. Just want to make this very clear. They have repaced Pence with a current clone. But the clone has served it's purpose. Soon all will know. Somethings Lin says are TRUE.

We wanted to protest peacefully and we did.

When it got ugly and no longer MAGA, #RedPill78 called it, and I made sure we got everyone home safe.

So I understand, it was Antifa thugs who first breached the barricades and stormed the building? Then some patriots followed them? In some of the pics, Antifa have been ID'd as from blm in DC in June. Planned event? Like the bags of bricks in the street?

FYI listeners at the Ellipse to Trump's speech could not have been the ones to breach the capitol, as Trump's speech went long, and those listeners hadn't even arrived at the capitol yet. Anyone blaming Trump's speech (which never called for any such violent act) is mistaken.

My team and I were located on the corner of Constitution and 15th. We left the Ellipse early to walk to the State Capitol. We were in the front of the march when we left. By the time we reached our destination, 100's were there breaking through the barriers 👀

Notice the Capitol Police firing flash bangs into the crowd where people are just standing This was one of the events that led to violence.

We're it not for these actions, I'm not convinced that so many people would've reacted the way they did

We have to take a moment to reflect internally to acknowledge that there are bad people within this movement.

It's too easy to just call them ANTIFA. We need to know how they got here and why. This is the other side of the double edged Sword of anonymity

I think that's a really unfair statement. There are bad actors in every aspect of life. I do not condone in any way destruction of property or violence either. But do you understand not everyone is "woke" and are ready to snap bc they feel they're losing their country?

I understand. I was there, in front of the line. I kept my bearings and acted Patriotically and didn't storm the Capitol. I helped get people to safety.

It was a set up. Thank you for going. God wins in the end. and this is not the end. Stay encouraged. we found out thru this the corruption in both houses are staggering. Trump has another option. They are traitors and will be going down soon.

You know when your country is in turmoil?

When you peacefully attend a Presidential event, only to be called a traitor by a family member

Or are concerned that posting pics of you being there could result in being terminated by your employer.

Notice the Capitol Police firing flash bangs into the crowd where people are just standing. This was one of the events that led to violence.

We're it not for these actions, I'm not convinced that so many people would've reacted the way they did.

I have a right to be pissed. I went to DC with 150 people who planned for weeks to be safe and support the President. All of that was flushed down the fucking toilet by a bunch of tools who stormed the Capitol Bldg. sure ANTIFA was part of it but not all of it.

If you read one of my tweets and your cheeks pucker, it was probably intended for you. If you smirk, or laugh... then we are aligned.

I'm not here to divide. But I'm not about to start baking cookies... we might need to take the country back folks. Wake the fuck up.

This scenario is part of the plan, not the strategy...

If you believe @realDonaldTrump didn't want to win all 50 Red, you're doing yourself a disservice.

He was fully prepared for this scenario and will use it as an Avenue to expose the corrupt but this was not Option A.

You will know this to be true when he reaches 270 but still requires all remaining states to be verified/validated.

He deserved the Red Wave that was to be a landmark of his legacy.

Now he must return the favor this won't bode well for the corrupt

Guess what the acronym TOGA stands for & I'll buy you a beer & tell the story

It's because Twitter states it is handing these accounts over to Biden and his wife... and these tools are undeserving

Mark my words...

President Trump will form a new political party and fund the majority of the estimated $1B price tag that it will take to make it a reality.

He will also start his own social media organization that will crush the competition.

It's the slow creation of a police state under false pretenses. The gentle nudging of society to accept it as a new, needed, norm... prefaced with labeling those with differing opinions as terrorists or insurrectionists

I admire that @DonaldJTrumpJr has the same brass as his father.

We need powerful voices, who cannot be bought, speaking up for the American people right now.

Everyone should consider taking a listen to @jeffreyprather he's BTDT. He speaks openly and gives his honest opinion, from a former insiders perspective.

Ok folks... the Vatican does not own DC. I'm sorry but thats a huge lie.

I'm not shunning anyone for their beliefs but I've been asked this a few times.

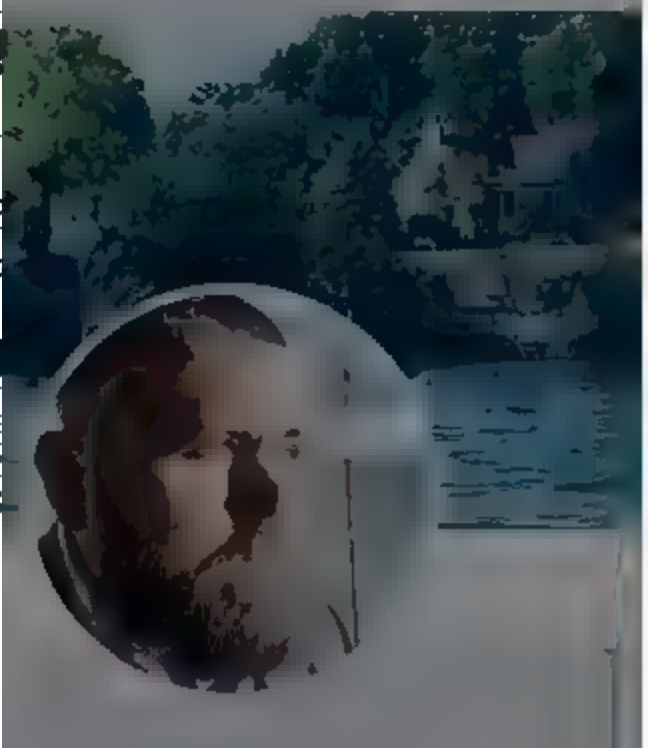

Say what you want.. but it's not true.

You actually think Donald J. Trump would serve as POTUS, learn this & say nothing?

So in 1871, Congress just gave away DC to London or the Vatican in order to create a corporation?

No, Congress voted to make DC Federal land by way of the Organic Act of 1871.

The same Congressional Act everyone keeps sending me, calls my neighboring city a corporation... and it's definitely not... it's semantics folks. The term corporation in the 1800's carried a totally different connotation. A YT video with a guy writing on a whiteboard says nothing

If we don't agree that's ok! We are still on the same side. The absence of intellectual discourse is one of the reasons our country is in such a conundrum.

I mean, I'm not confused.

The confusion argument comes from those scared to speak their mind because of cancel culture.

The confusion stems from understanding when and how it became a societal norm to ostracize those with different beliefs.

Aren't Republicans are calling out the @GOP? ... these are the times we live in when the people fee like we can't trust our politicians.

The Silent Majority spoke up, and are now being treated like the Suppressed Minority.

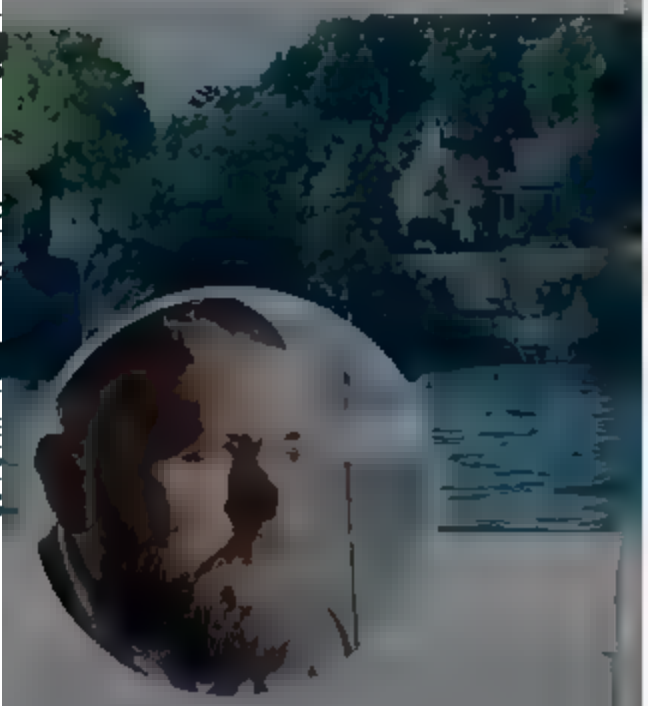

> **Ronna McDaniel** @GOPChairwoman
> Joe Biden has already been so partisan that his own party is calling him out.

Ben Sasse obv didn't pay attention to the life lessons available to him as a child provided by Ted Turner, TBS & The Nature Boy Ric Flair.

Need we remind him?

TIME's revelation of fortification carries a serious connotation. To "fortify" is to provide with defensive works as protection against attack.

Thereby, this article directly insinuates that the organizations who participated in said fortification did so in bad faith.

> **Donald Trump Jr.** @DonaldJTrumpJr
> According to Time the election was "Fortified" but not rigged. Definitely not rigged. This is insanity, but everyone should read to learn exactly how bad it was.

The messages the Senate wants to be taken from this Impeachment:

Trump supporters are stupid.
They blindly follow Trump.
Trump is evil and made them protest on Jan 6th.
We need not pay attention to them they are extremists.
The election proved Democrats are the majority.

In Congress, July 4, 1776

The unanimous Declaration of the thirteen united States of America, When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature s God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

Fall of the Cabal and Military Intel don't mix folks.

Just because someone wrote a book or has a MS-DOS website, doesn't mean they hold knowledge that defines all the worlds problems.

#1 What you've heard about the Admirality Flag, with gold fringes, in US courts... lies

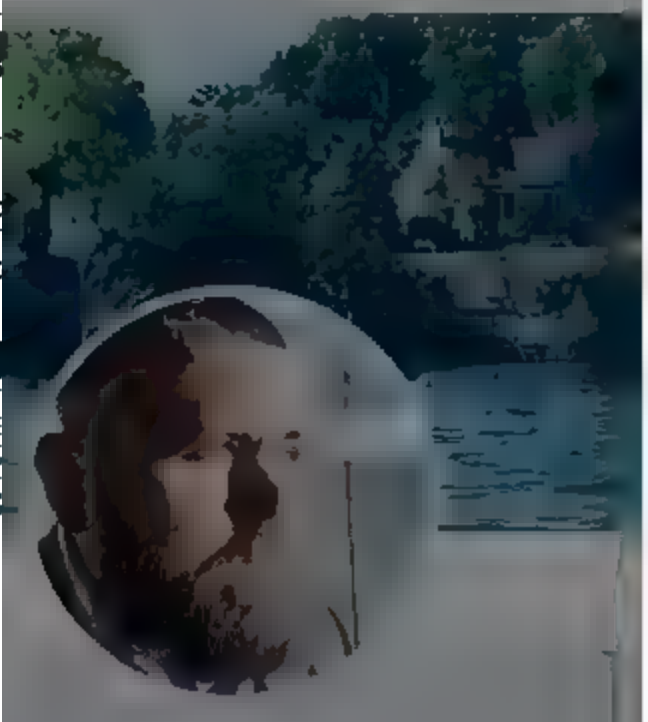

appears in every government office and courtroom in the land. That flag is the United States flag... with one seemingly minor cosmetic difference – a knotted golden fringe on three sides.

Government officials and judges adamantly refuse requests to remove the gold fringed flag and replace it with the constitutional flag of the United States as defined in 4 U.S.C. Section 1,2, and 3 – which has NO fringe.

Why should anyone be concerned about this apparently innocent decorative feature? What difference does it make?

The difference is that the flag that is displayed is legal notice, to all who enter, of the type of law that holds jurisdiction. The constitutional United States flag signifies

Jurisprudence>Conspiracy Theory

> Others have attempted to persuade the judiciary that fringe on an American flag denotes a court of admiralty. In light of the fact that this Court has such a flag in its courtroom, the issue is addressed The concept behind the theory the proponent asserts is that if a courtroom is adorned with a flag which happens to be fringed around the edges, such decor indicates that the court is one of admiralty jurisdiction exclusively. To think that a fringed flag adorning the courtroom somehow limits this Court's jurisdiction is frivolous See Vella v McCammon, 671 F.Supp. 1128, 1129 (S D.Tex 1987) (describing petitioner's claim that court lacked jurisdiction because flag was fringed as "without merit" and "totally frivolous"). Unfortunately for Defendant Greenstreet, decor is not a determinant for jurisdiction

To everyone whining about the lefts response to the unfortunate death of our beloved Rush Limbaugh:

1.) Get over it, you knew this would happen
2.) You're empowering them
2.) All the whining seems like you're making it about yourself

Just my opinion.

Want to reopen the Keystone pipeline?

Here's a progressive strategy:

1) Sell a controlling stake to the CCP
2) Elect Hunter Biden to its BOD's
3) Trump can come out publicly and say that Biden closing the pipeline was a great idea

When a Hurricane Laura hit Texas in August of 2020, President Trump authorized Federal Aid the same day & took the time to visit the areas within 2 days.

When Texas is devastated by a Winter Storm in 2021, it takes Biden 2 days to even send Federal Aid...

How so?

1) Biden has been in office less than 1 month
2) Biden is not the President of Texas
3) Texas has its own power grid
4) Texas did not winterize their power grid
5) Biden declared an emergency immediately without even asking them to grovel at his feet

What s your point? That Biden should have been able to prevent the power failures in Texas?

Texas has had their own power grid for years They did that on purpose so that they didn't have to follow federal regulations (the part that Biden is over).

Not entirely true. FERC doesn't apply to the grid in Texas because it doesn't cross state lines or engage in interstate commerce. Texas didn't dodge FERC on purpose.

Ohio District 9 needs a bee, and true leader to represent them in Congress.

Politicians need to stop telling us "we can't" and start asking us "how can I help"

A leader is only as good as their team, and a politician is only as good as their constituents. So long as this is duly noted. A bad leader, or politician with good people can be seen as successful in an artificial sense. But the facade will quickly wear.

Throughout my career in the nuclear, construction and automotive industries, I've led 1000's of professionals. I can guarantee you this, all of them saw me as equal in friendship. When it was time to put in work, I was their leader. But they were always my teammates. Confidantes marching towards a common goal.

We shared in strife and in glory.

This set of values and ethics is what I would bring to the table as Congressman for NW Ohio

Watching the demise of Ali Alexander is cynical.

@Millie_Weaver did a pretty thorough rundown on him.

His defense is laughable. I don't think the guy can go two sentences without patting himself on the back.

Maybe if he wasn't so abrasive and such an asshole grifter.

We need Campaign Finance Reform.

Term limits place a band-aid on a wound that needs stitches.

The establishment uses financing to control who is elected.

If we make it easier for anyone to run for office, competition will course correct and remove the establishment

Fun fact so this is what I do. These are blueprints & yes you do need that many dimensions when doing so (radius, starts ends of curves etc)

The dimensions being in centimeters instead of inches however tell quite the tale of where these tech giants loyalties lay. NOT IN AMERICA

Have fun at work today!

But remember, your Congressman probably voted yes to your tax dollars funding a stimulus package that bails out Democrat cities.

Cities in economical crisis due to a self imposed economic restrictions.. that killed small businesses.

If the focus was truly on bipartisan Covid Relief, and not a Partisan Agenda...

There wouldn't be $1,000,000,000,000 in bipartisan relief still left unspent, while the media focuses on a 1.9 Trillion dollar bill that only allocates 9% for actual Covid Relief

I don't subscribe to term limits as a fix. That's putting a bandaid on a wound that needs stitches. The real issue is campaign financing. If it were easier for the avg American to run and parties didn't hold finance leverage. competition would drive out the establishment

1

Ascension Imminent 2021 @FinalCntDown 7m

Bidens 47 years is a prime example of why term limits should be essential. This is exactly why we need voting on the block chain and we pass these types of "sensitive" issue directly to the american people and let them decide, of course after someone gets in they never want leave

1

JR Majewski @r_majewsk 4m

True but if through history, Biden's opponents didn't have to compete with his establishment funding, it's likely he wouldn't have served that long. True Americans won't run because it's too daunting financially. It shouldn't cost $2M to run for office.

2

Ascension Imminent 2021 @FinalCntDown 2m

If we have blockchain voting we could essentially do away with congress and let the people freely vote for what we want, we are not getting adequate representation in congress so, we could eliminate it, and cut the head off several snakes at once. Dont need a super pac if no con

Racking up endorsements from Ohio GOP Chairs & members of the State Central Committee.

Everyone is excited & energy is positive.

I have a goal to raise $50k by the end of March. It's going to be tough but it will be a litmus test.

@ohiogop candidate running in what is currently Ohio's 9th congressional district. This includes Lakewood, Lorain, Sandusky, Toledo, and much of the coast of Lake Erie. This district is represented by @RepMarcyKaptur. We strongly support Ms. Kaptur and hope for the best in 2022.

Would be nice if you gave me a chance. We align on many things.

If you're non-partisan, why the desire to support an incumbent who's absent more than any other member in history?
